

Licensed Practical Nurse (LPN) or Registered Nurse (RN)

Our nurses provide professional nursing care to assigned Individuals with Intellectual Disabilities or other related disabilities following established policies and procedures.

Duties include but not limited to administering medications and treatments as ordered by a physician, ordering medications and other medical supplies, obtaining and recording all vital signs as necessary, rendering first aid as needed, keeping records current and up-to-date, scheduling and attending medical appointments with residents as needed, charting and filing all pertinent information.

Applicants must have a current LPN or RN license with SC Board of Nursing and a valid SC Driver's License.
